Luke 5 : 1 - 11

Here we have Luke's account of Peter's calling to serve in ministry the Church. Peter is the only one been called, it is a distinctive and personal calling, the others James and John are not called as of yet, but they also decide to drop everything, leave their boats and follow Peter. (Maybe they were going to knock some sense into Peter and bring him home.)

The Archdiocese of Miami has filed a lawsuit against the Dept. of Health & Human Services. It states our religious freedom is being violated by the U.S. Government. 50 other Catholic Institutions (universities, dioceses, hospitals) have filed lawsuits against the Department.

Papal History: The only pope ever buried in Germany is Pope Clement II. He died in 1047.

When the wars in Afghanistan began there were only a handful of aerial drones in the US arsenal. Today they are over 7,000 drones. Outside of their military effectiveness, states and police are asking to use them as surveillance upon city populations. There is also a plan to develop humanoid-type robots. Robotics will have a profound impact upon our world, equal to when gunpowder was founded.

The U.S. annual military spending now stands at \$700 billion. It almost seems runaway defense spending. While many programs in the U.S. are being cut back because of hard economic times, military spending has little to none cuts. It is the one institution unaffected by this recession.
