Matthew 2 : 1 – 12

We are created and called to experience meaning in our lives. One of the cruelest sorrows in our culture today is the meaninglessness of life, and where is it to be found. Christmas is filled with it though its message is of Faith and Spirituality. May the good Lord open our lives to the many purposes revealed to us.

Environmental Stats (Part 3 of 3) If we destroy creation, creation will destroy us. Creation is not property, which we can rule over at will. Creation is a gift from God to be cared for with respect and gratitude for it. God placed man over creation to administer wisely the gifts of the earth. The Vatican states that man's freedom is not unlimited. We need to have an understanding of what is good for our planet and what is evil that is being done to it.

Vatican Fact Are there many telephones in the Vatican? The Vatican has more telephones in proportion to its population than any other nation on earth.

The most popular saying at Christmas is "Peace on Earth and Goodwill to All Men."
