Matthew 28 : 16 - 20

The notion of monotheism is taken for granted today. One time it was the case where there were many gods to worship and adore. Various gods had different functions and purposes to serve mankind. The Syrians, Babylonians, Persians, Romans, Greeks worship many gods. You can still see this in their historical monuments as in Rome. Israel was distinct it only worship one God.

Same Sex Marriage (Part 3) The legal situation began the debate over same sex marriage when the Federal government denied benefits of Federal programs to same sex couples. The courts were urged to intervene. The courts had two questions:

- Does the state constitutionally have a right to ban same sex marriage
- Can a state refuse to accept same sex marriage performed in another state legally, now living in their state opposed to same sex marriage

May 2015, Ireland through a referendum, voted by a large majority to legalize same sex marriage.
