Pope Francis

A hope without joy is not hope.

Religious non-profit challenging conscienceness objection to Contraceptive Affordable Care Act, the U.S. Supreme Court is proposing alternative health care where a separate insurance policy, separate enrollment process, a separate insurance card and a separate payment source would satisfy all parties.

With the restroom transgender identity debate continuing, Pope Francis commented a concern where he envisages a society moving to a place without sexual difference, thereby denying nature intended by God of a man and woman for family life. Catholic Church states when the freedom is to create oneself then the Maker Himself is denied, sexuality becomes the choice of the individual and a sole reason of the pursuit of passing pleasure. Sexuality is much more than sexual pleasures. Family, life, commitments, human dignity, faithfulness.
