Part 1 of 4 - Last Four Beliefs of Faith **Death**: Death is seen by both believers and non-believers as the end of physical existence. The Catholic Church sees death in the context of Jesus Resurrection. God does not rejoice in destruction but fashioned all things that they might have being – life. Original sin caused the loss of heavenly union with God we once had, therefore eternity without God is a real possibility. Through Jesus life, death and resurrection, death has no longer power over us. Life is changed not ended at death. We pass from this life to another way of living life after we die to this world
