We are obviously talking about an exorcism here, an unclean spirit within a human being affecting their life, freedom and health. Exorcism is the rite where by devils are expelled from possessed persons and it can only be exercised with direct permission of the Bishop. The authority over evil spirits was given by Christ to the apostles to drive out evil spirits (Mark 6:7).

**Pope Francis** There needs to be theology in our lives to stare down the evil culture of death philosophies prevalent in modern times. But who is reading theology today?

Part 2 of 4 - Last Four Beliefs of Faith Hell: Many believe there is no hell contrary to a loving God, there are consequences to all actions including spiritual actions. Hell is self exclusion from communion with God, mortal sins of living life is necessary for this. The words of Christ are clear. Check Matthew 13:41-42. The choice to do evil, not to love leads to hell. Christ did not speak only once on hell but many times. The Gospels also include hell in his teachings. The saying "go to hell" means get away from me, you are a rotten being
