Immigration All Americans believe we have the right to secure our borders, but not everyone believes the methods used. Border Patrol Officials are separating children from their parents as young as 18 months old. This is extraordinary cruel and inhuman. History will record this as a dark chapter in American history. 7,000 undocumented children the Federal Government has taken into custody and placed with adult sponsors. The Office of Refugee Resettlement does not know where 1,475 of them are. These are crimes against humanity, crimes worse than undocumented immigrants.
