Gaudium et Spes. Vatican II Council

Devotes itself to the problems facing the modern world and how the Church can address those needs. The Church has always had the duty of scrutinizing the signs of the times and interpreting them in the light of the Gospel. Morality, medical advances, politics, social justice, family, marriage and religious implications etc. The times are constantly in change.

There should be laws to protect people against discrimination because of a disability. God blesses all life including people with cognitive challenges. They are entrusted to us with love and care.
