Pope Francis "Our sins are no longer a curse in Christ, but an encounter to holiness and freedom."

"Laudato Si" 2015 document Pope Francis on Ecology. Scientists are telling us we have only 12 years left to protect our environment before irreparable damage is done. Pollution, environmental decay, abuse of natural resources, ozone layer depletion. There needs to be a spirituality to our natural world beyond materialism.

Ukraine Not to be ignored. Since 2014 Russian invasion of Ukraine, 5 million people have fled their homes; 10,000 people have died; 24,000 people injured. Biggest European crisis since World War II.
