**Church** The Church has always been in and out of crisis's during its long history. No matter what the age is, to stay in the Church will depend in large measure on what she or he thinks the Church is. Many remain in the Church despite its glories and miseries because it is the building God has made his home on earth. The Church founded by Christ exists as a sign of the City of God and as such sacraments encountering his divine presence.

**Vatican Document** (Part 6) "Pacem in terris" (World Peace) Pope John XXIII. The world's progress to social order, security and peace are linked to the social order, security and peace of nations. No state should pursue its own interests in isolation from the rest of the world, as we are all tied through circumstances and consequences to each other.

### By the Percent

Have you experienced sexual harassment  
Yes ..... 90% No ..... 10%

These are sobering numbers. Since Anita Hill changes to sexual harassment have been changing. Employees and volunteers now take harassment courses. Make women taking leadership positions will help. Some men have said, "It's a horrible time to be a man today." But this self-pitying misses the mark. It's been a horrible time for a long long time to be a woman.

**Did you know** The number of sisters is 50,000 and 90% are over the age of 60 years.
