Pope Francis To ignore the sufferings of refugee's is unacceptable and undermines what faith is and Gospel values.

Church documents Evangelium Vitae (Ministries for life) John Paul II. Summarized as two cultures. The culture for life and the culture of death. If focuses on the beginning of life to its end and threats to life, especially what is now deemed undesirable as the sick, disabled or retarded. To claim the right to abortion, infanticide and euthanasia, and to recognize that right in law, means to attribute to human freedom a perverse and evil significance that of an absolute power over others and against others. (Google for more info.)

Vatican Pope Francis accepts the resignation of Cardinal Wuerl, Washington DC. The Pennsylvania report became too big a story for him to remain. The Pope has asked him to stay on as an administrator of the Archdiocese until a successor is named.
