Luke 6 : 17 - 26

Matthew Beatitudes is longer and pronounced regarding the Christian life, but Luke's Gospel reverses the fortunes in the next life to come so all ends well in finality. You were poor in this life; next life you are rich. Hungry in this life, filled in the life to come and satisfied. Mourning and weeping in this life, laughing and joys in the next life. Persecuted in this life, honored in the life to come.

Artificial wombs An artificial womb is now a possibility for premature babies who are born months too early and gives them an environment mimicking the uterus in which to continue developing. It can also be used for evil purposes, manufacturing babies in laboratories for sinister immoral reasons. It could also be used for a frozen embryo to be transferred to the artificial womb.
