**How Much Should I Pledge?**

1. Consider checking one of the boxes on the front of this card
2. Want a different amount? Try something easy like pledging a dollar a day for 30 months
3. Of, figure out how much you give in a year and pledge twice that amount. For example, if you normally give \$1000/year, pledge \$2000 to be paid out along with your regular giving
4. Do you take regular vacations? Figure out how much your typical vacation costs and pledge that amount

***Whatever you pledge will be appreciated, and you will have the satisfaction of knowing you participated in preserving this beautiful and historic church***
